Ingredients exempt from the requirements of a tolerance under 40 CFR 180.

KEEP OUT OF REACH OF CHILDREN DANGER/PELIGRO

Causes serious, irreversible eye damage. Toxic to aquatic life.

Si usted no entiende la etiqueta, busque a alguien para que se la explique a usted en detalle. (If you do not understand the label, find someone to explain it to you in detail.)

PRECAUTIONS

E-Z WET SA causes serious, irreversible eye damage. Do not get in eyes or on clothing. Wear eye protection (goggles, face shield or safety glasses) and face protection. Remove and wash contaminated clothing before reuse.

FIRST AID

If in Eyes: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do so. Continue rinsing. Immediately call a poison center/doctor.

ENVIRONMENTAL HAZARDS

This product is toxic to aquatic organisms. Do not apply directly to water, to areas where surface water is present or to intertidal areas below the mean high water mark. Drift and

runoff may be hazardous to aquatic organisms in water adjacent to treated areas. For terrestrial uses: Do not contaminate water when disposing of equipment wash waters or rinsate.

PRODUCT INFORMATION

E-Z WET SA is recommended for use with insecticides and/or fungicides bearing labels recommending a spray adjuvant to improve coverage. **E-Z WET SA** is a nonionic wetter-spreader spray adjuvant used to enhance the application of insecticides and/or fungicides and spray coverage. The addition of **E-Z WET SA** improves the spray application by enhancing the wetting and spreading characteristics of the spray mixture. While **E-Z WET SA** may positively affect insecticides and/or fungicides application, ultimate pest control efficacy may also be affected by the insecticides and/or fungicides in the spray mixture, condition of crops, pest pressure, environmental conditions and manner in which the spray solution is applied. **E-Z WET SA**'s ingredients are EPA Green Circle Exempt.

PHYTOTOXICITY

The addition of a spray adjuvant to some insecticide and/or fungicide spray mixtures may cause phytotoxicity to the foliage and/or fruit of susceptible crops or plants. Prior to using **E-Z WET SA** in a spray mixture, the applicator must have experience with the use of nonionic insecticide and/or fungicide spray adjuvants under similar field conditions to assure crop safety. In situations of unknown risk, it is recommended that the applicator conduct a small-scale phytotoxicity pretest under similar crop, insecticide and/or fungicide spray mixture and environmental conditions prior to full-field application.

MIXING AND APPLICATION GUIDELINES

Clean all equipment prior to mixing. **E-Z WET SA** may produce foam during mixing. To help reduce foaming, fill the spray tank 3/4 full with water, then add mixture ingredients in the following order with continuous agitation:

1. Fertilizers and/or micronutrients
2. Dry flowable and WDG granulated insecticides and/or fungicides
3. Flowables
4. Water soluble insecticides and/or fungicides
5. Emulsifiable concentrates
6. **E-Z WET SA**,

After adding **E-Z WET SA**, fill tank with water to final volume, agitate and apply spray mixture.

NOT FOR AQUATIC USE

Apply **E-Z WET SA** mixtures by ground hydraulic sprayer. Prepare **E-Z WET SA**, spray mixtures to contain 0.25% up to 2.0% v/v **E-Z WET SA** by mixing 1 quart up to 8 quarts **E-Z WET SA** in 100 gallons of spray water.

STORAGE AND DISPOSAL

Do not contaminate water, food or feed by storage or disposal. **STORAGE:** Store in original, tightly closed container in a cool storage area that is inaccessible to children and domestic animals. **CONTAINER DISPOSAL:** Dispose of contents/ container in accordance with local/regional/national regulations.

CONDITIONS OF SALE: LIMITED WARRANTY, LIMITED LIABILITY AND REMEDIES

The information on this label is believed to be reliable and must be carefully followed. Insufficient control of pests and/or injury to the crop to which this product is applied may result from the occurrence of extraordinary or

unusual weather conditions or the failure to follow the label instructions or good application practices, all of which are beyond the control of Grow More Inc. (the "Company") or seller. In addition, failure to follow label instructions may cause injury to crops, animals, man or the environment. The Company warrants that this product conforms to the chemical description on the label and is reasonably fit for the purpose referred to in the use instructions, subject to the factors noted above which are beyond the control of the Company. The Company makes no other warranties or representations of any kind, express or implied, concerning this product, including no implied warranty of merchantability or fitness for any particular purpose, and no such warranty shall be implied by law.

The exclusive remedy against the Company for any cause of action relating to the handling or use of this product shall be limited to, at the Company's election, one of the following:

1. Refund of the purchase price paid by buyer or user for product bought, or
2. Replacement of the product used.

To the extent not prohibited by law, the Company shall not be liable and any and all claims against the Company are waived for special, indirect, incidental or consequential damages or expense of any nature, including but not limited to, loss of profits or income. The Company and the seller offer this product and the buyer and user accept it, subject to the foregoing conditions of sale, limited warranty, limited liability and remedies.
